

## **Ian Cowie – U11 C Head Coach**

Born and raised in Toronto, I moved to Windsor about 9 years ago. I love hockey! This will be my 3rd season coaching with Windsor Minor and 1st at the travel level. I'm joined by my right-hand man Coach Connor. Together, our goal is to make sure your athlete has a positive experience at the rink while also helping them develop into the hockey players we hope they can become.

We try to work to our players strengths while also putting them into situations where they can gain the confidence to succeed any time they step on to the ice. You can expect us to be extremely passionate about our team, to always defend our players, and for us to genuinely care about the players as kids first - athletes second.

Personally, I strive to make this a fun season for athletes, parents, and coaches alike. I value the entire "hockey experience", so expect us to enter tournaments, and expect to cheer (parent requirement).

That being said, we are in it to win it! We expect our players to put forth their best efforts any time they come to the rink. We expect to be a competitive squad. We expect to be fair and respectful on and off the ice. We expect to have a ton of fun. We expect to win!

See you at the rink!

Coach Ian
